ARRIVAL OF ADMIRAL SCHLEY.

The Rear-Admiral Brings the Report of the Evacuation Commission—Some Interesting Facts.

New York, Nov. 12.—The United States cruiser Newark, in command of Commander Casper F. Woodrich, and flying the flag of Rear-Admiral Schley, arrived yesterday from San Juan, Porto Rico, from which port she sailed on November 6. On board the Newark with Rear-Admiral Schley were his staff, composed of Flag Lieutenant James H. Sears; Flag Secretary R. W. Wells, Jr.; and Ensign F. McCauley, aide, and Hon. Charles W. Russell, of the department of justice, legal adviser to the Porto Rican evacuation committee. The rear-admiral had with him the report of the commission to the president, consisting of three bulky parcels, in which was the documentary evidence, estimated to contain at least 60,000 words, which he is to take with him to Washington. He looked well, and said he felt well, though tired and in need of rest. He said the meetings of the commission with the Spaniards had been very harmonious. The instructions which the American commissioners could not deviate from were gracefully submitted to by them, and before the meeting ceased the Spaniards had a very much higher respect for Americans.

The report contains a full statement of the finances, the revenues and expenditures, the debts, the government and other conditions of Porto Rico and its nearly 1,000,000 inhabitants. Rear-Admiral Schley said that Porto Rico had a great future, and has advantages equal to Cuba. The people are very docile and amenable to law, and just now are carried away with love for the United States and showing intense loyalty.

Flag Secretary R. W. Wells said that the Spaniards had almost entirely left the island, being mostly in the military and civil service, and the small number left were those compelled to stay by their interest.

AN UNSUCCESSFUL SEARCH.

The Fergus Falls Train Robbers Still at Large Unless They Are Those at Moorhead.

Fergus Falls, Minn., Nov. 11.—Search for the missing highwaymen who robbed the west-bound east train on the Great Northern near this city last night, has continued all day, and is still in progress, but no trace of the bandits has been found in this vicinity. The search has been very systematic. Opinions prevail here that the five men arrested at Moorhead are the guilty parties. Two of them correspond very closely to the description of the two who held up the fireman and engineer, and who are believed to have got aboard here. It has been learned during the day that the two men, evidently members of the gang, purchased a quantity of dynamite from a local gun store Thursday. It is thought that there will be little difficulty about identity in case the right parties are in custody.

MADE A GOOD HAUL.

The Savings Bank of Kirksville, Mo. Burglarized, and a Large Amount of Money Stolen.

Kirksville, Mo., Nov. 12.—Burglars entered the Savings bank of this city Thursday night and robbed the safe of gold, currency and government bonds to the amount of about \$25,000. The bank was insured for nearly the amount of the money lost. The bonds amounting to about \$15,000 belonged to the president of the bank and are negotiable.

The bank is doing business as usual. They offer \$1,000 reward for the capture of the guilty ones. The detectives are at work on the case. The burglary was the work of an expert.

Crippled for Life.

St. Louis, Nov. 12.—Josie Gillardi, a four-year-old Italian girl, was sent on an errand by her mother, and on her way back dropped a nickel while crossing the car track. While endeavoring to recover the coin a car came along, the horrified motorman lost his nerve and forgot to reverse his power, the car running over the child crushing one of her limbs.

Granted an Exequatur.

Constantinople, Nov. 12.—After efforts, lasting three years, on the part of the United States legation here, the United States minister, Mr. Oscar Straus, has succeeded in obtaining an irade authorizing the granting of an exequatur to the United States consul at Zeroun.

Gen. Lee Starts South.

Richmond, Va., Nov. 11.—Gen. Fitzhugh Lee, accompanied by Gov. Tyler, members of the latter's staff and several ladies, left Thursday night, for Savannah, Ga. From there the general will go with his command to Cuba. The date of embarkation the general does not know.

After a Gas Franchise.

Wichita, Kas., Nov. 11.—W. E. Hutchinson, of Carthage, Mo., has asked for a franchise to supply the city with natural gas, to be piped here from Neodesha, 100 miles east.

HARDSHIPS OF ARMY LIFE.

From the Press, Milroy, Ind.

One of the first to offer their services for the country in the Civil War, was A. R. Sefton, of Milroy, Rush Co., Ind. He made a good record. The life of every soldier is a hard one, and Mr. Sefton's case was no exception. "We were in Tennessee, penned in on all sides. Our rations were very scarce," said he, "and we had begun to go on quarter allowance, and as the rain was not enough to replenish the wells or streams, our canteens went empty. We were hurried on, and the only way to quench our thirst was to go down on our hands and knees and drink from the hoof tracks made by the horses."

Our Canteens were Empty.

"Some of us were taken sick from the effects of this. I was laid up several weeks in a field hospital from fever. From that time I was always afflicted more or less."

"About four years ago I became much worse. Our family doctor seemed puzzled over my case, and it began to look as if there was no hope for my recovery, and that the inevitable end was near."

"Last November I was advised to try Dr. Williams' Pink Pills. The physicians said they were an excellent medicine, but would do no good in my case. But I tried them, and am glad I did for I became better at once. Eight boxes, taken according to directions, cured me. I used the last of the pills about a year ago, and have not been troubled with my ailments since."

The power of Dr. Williams' Pink Pills for Pale People in the vast number of diseases due to impure or poisoned blood, has been demonstrated in thousands of instances as remarkable as the one related above.

No Necessary Risk.

County Officer (newly elected).—You'll go on my official bond, I suppose. The dinged law makes it necessary, but you understand it's only a form.

Friend—O, that's all right. I've got my property fixed so the blamed scoundrels can't touch it anyhow. (Signs bond).—Chicago Tribune.

Pond Value of Land.

It is estimated that 25 acres of land is necessary to sustain one man on fresh meat. The same space of land, if devoted to wheat culture, would feed 42 people; if to oats, 185; potatoes, Indian corn and rice, 175; and if to the plantain or bread-fruit tree, over 6,000 people.

She Meant Business.

Ardent Lover—For ye, my bonnie lassie, I wad hae ye down and dee.
 Practical Maid—Oh, you make me weary with your imitation Scotch dialect. What I want is a man who will get up and hustle for me.—Boston Traveler.

An Immense Stone.

A single stone 115 feet long, ten feet square at one end and four feet square at the other has been successfully cut from the sandstone quarries at Houghton Point, Wis. It is supposed to be the largest monolith ever quarried.

An Insult.

Newsp—What has made you so angry, my dear?
 Mrs. Newp—Some horrid old woman I met on the street a moment ago looked at the baby and called it a baby!
 —Up-to-Date.

Patriotism Out West.

Alkali Ike—Wot's the matter, podner? Why did you hang that 'ere chap?
 Cactus Cal—He got his guitar out last night and began playin' the Spanish fandango.—Chicago Evening News.

A New View.

Gertie—Do you believe in long engagements?
 Maud—No; because it doesn't enable one to crowd many of them into a season.—Judge.

It is sometimes difficult for a girl to find her ideal man, but she nearly always will accept a substitute.

A man may be the moneyed factor during the engagement, but after marriage the woman always appoints herself cashier.—Chicago Evening News.

Mary Was a Mineralogist.

A teacher in one of the local schools was instructing a class of small children in mineralogy the other day, endeavoring to make clear to their young minds what a mineral really is. Standing before them, she began in her clear voice: "A mineral is an inorganic, homogeneous substance of definite, or approximately definite, chemical composition found in nature. Do you understand me? Come now, you have all seen minerals."

And your mothers and fathers have told you the names of them, haven't they? Of course, they have. Now, can any one of you tell me the names of three minerals?"

There was no response, and she continued: "I am not some of you been out and seen minerals on exhibition?" One little girl raised her hand. "I thought so. Mary will name three minerals." Mary arose, and, putting her hands behind her, lisped:

"Apollinaris, Vichy and seltzer."—Chicago Chronicle.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. A Doubting Thomas.
 "Sound," said the pedagogue, "is something that a person can hear, but can neither see nor feel."
 "Oh, I don't know!" exclaimed the boy at the foot of the class. "I think I can prove that you are off in your theory."

"Very well, Thomas," retorted the man of learning, "go ahead and prove it, then."

"Only yesterday you gave me a sound thrashing," said Thomas; "I suppose the other pupils saw it, and don't you ever think for a minute that I didn't feel it?"—Chicago Evening News.

THREE HAPPY WOMEN.

Each Relieved of Periodic Pain and Backache. A Trio of Fervent Letters.

Before using Lydia E. Pinkham's Vegetable Compound, my health was gradually being undermined. I suffered untold agony from painful menstruation, backache, pain on top of my head and ovarian trouble. I concluded to try Mrs. Pinkham's Compound, and found that it was all any woman needs who suffers with painful monthly periods. It entirely cured me.—Mrs. GEORGE WASS, 923 Bank St., Cincinnati O.

For years I had suffered with painful menstruation every month. At the beginning of it was impossible for me to stand up for five minutes, I felt so miserable. One day of Mrs. Pinkham's was thrown into my I sat right down and read it. I then got E. Pinkham's Vegetable Compound and can heartily say that to-day I feel like my monthly suffering is a thing of the always praise the Vegetable Compound done for me.—Mrs. MARGARET ANDERSON, Lewiston, Me.

Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation and backache. The pain in my back was dreadful, and the agony I suffered during menstruation nearly drove me wild.

Now this is all over, thanks to Mrs. Pinkham's medicine and advice.—Mrs. CARRIE V. WILLIAMS, South Mills, N. C.

The great volume of testimony proves conclusively that Lydia E. Pinkham's Vegetable Compound is a safe, sure and almost infallible remedy in cases of irregularity, suppressed, excessive or painful monthly periods.

"The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year."

Activity of Vesuvius.

Much anxiety has been caused in Naples by the renewed activity of Mount Vesuvius. An overwhelming danger of this description produces universal terror. As a matter of fact there is little likelihood that Mt. Vesuvius will do any serious damage. On the other hand thousands die daily from stomach and digestive disorders, who might have survived had they resorted to Hostetter's Stomach Bitters. It is the greatest of known tonics for stomach and digestive organs. It cures kidney, liver and blood disorders.
